

Start Planning Your Leadership Journey

Congratulations — you've decided to take the next step to building your future as a successful leader. This is your opportunity to broaden your knowledgebase and skills. To be eligible for the Capstone event, the final step in earning your CPE credential, you'll need to complete the core and elective portions of the CPE curriculum where we've identified courses focused on management education. These courses will provide you with a sense of accomplishment and empowerment to inspire change in health care. New courses are being developed quarterly. For more information, visit www.physicianleaders.org/new.

**Select any course for more details*

New courses are being developed and added quarterly (additional details available at physicianleaders.org/new).

ACCREDITATION: The American Association for Physician Leadership® is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. The activities listed above have been approved for AMA PRA Category 1 Credit™.

Legend: Course Format

Self-Study – Self-study courses are online, self-paced learning experiences that can be completed at your convenience.

Facilitated – Facilitated courses are online, faculty-led learning experiences that last four to six weeks and encourage collaboration with classmates.

Live – Live courses are offered in-person, at AAPL institutes, where learners receive face-to-face instruction from expert faculty members.
